

Welcome to Morges !

Sensitive to the timeless beauty and elegance of the Dragon Boat, the organising team of the Club Nautique Morgien is very honoured to host one of the most prestigious International regattas this June 2011 on Lake Geneva shorelines.

Gathered in Morges for this International Championship, the crews will benefit from a unique environment which will set the playfield for a splendid sailing event. With the historical harbour and Castle as well as the old town and docks in the background, Morges has become over the years a yachting capital, blessed by favourable winds and an exceptional waterfront, that allows top level sailing conditions. With the majestic Mont-Blanc overlooking the races, the "Bay of Gods" has offered for more than a century a playground for the best modern as well as historical sailing events.

The members and race committee of the Club Nautique Morgien have taken every possible measure to ensure that this championship will be a great success. With privileged accesses onshore, whether in the local hotels, the harbour facilities or at the club-house, supported by a distinguished regatta management team, these races will end daily with evening festivities and warm get-togethers. It will also be an opportunity to discover "La Côte" region, renowned for the charm of its rolling vineyards overlooking "le Lake Léman", an unforgettable sight.

The Club Nautique Morgien is delighted to organise this major sailing event which will host about 150 competitors of all origins, particularly our friends from the German part of Switzerland, to share our magnificent water front, a friendly and enthusiastic Yacht Club as well as a welcoming and dynamic city.

Yves Gausson, Président
